WELDED DECK CANOPY

KE Welded Deck Canopies are custom manufactured to fit your requirements in any size. Welded aluminum construction eliminates worry over strong wind or sudden storms.

More than 200 Sunbrella® fabrics are available. Choose optional side panels for additional sun protection and privacy. Strong framework is able to support hanging plants, lights or fans.

KE's superior quality and craftsmanship protects patios, walkways, doors and windows from harsh weather and helps to reduce fading of interior furnishings, carpet and window displays.

DECK & PATIO CANOPY

Recommended Considerations

BASIC MEASUREMENTS

- Width
- Drop
- Projection
- Windows or doorway
- Height of frame above walkway
- Post height
- Cut-outs or bump-outs

OPTIONAL

- Light mounts available
- Full or open sides
- Custom post sizes
- Side panels or curtains to provide additional sun protection and privacy

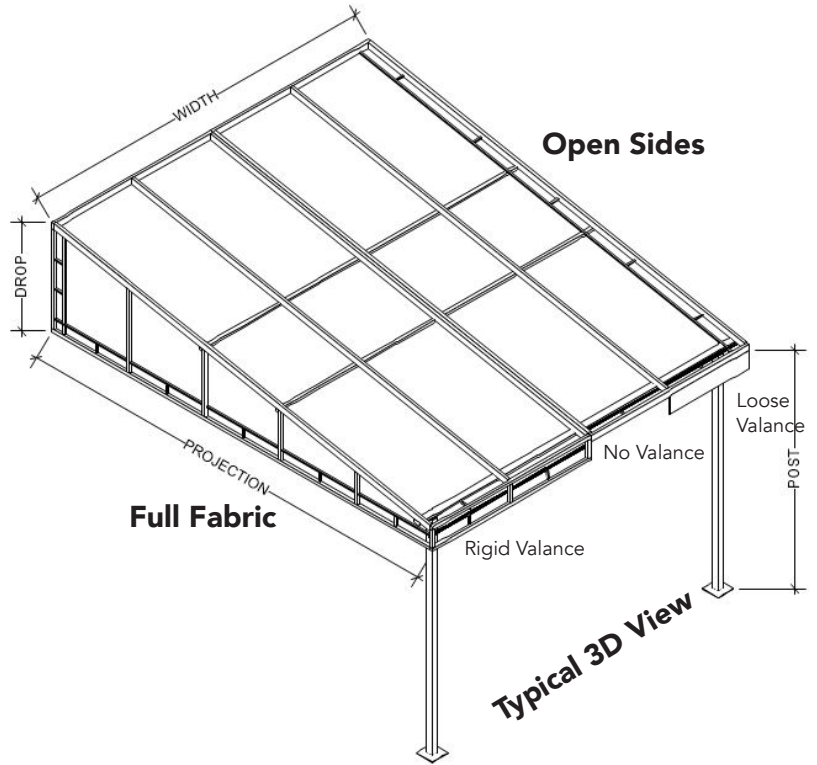

Standard Powder Coat Colors

	Gloss Black		White AL
	Matte Black		Bronze
	White		Charcoal

See our paint specification sheet for additional color options. Custom colors are available. Note: an up-charge will be applied to the base price of the project for powder coated finishes.

Construction of a 3 Season Frame

All aluminum is 6063 T-6	1/2" Solid Round
1" Square	2" Square
1"x 2" AL	1 1/2" Square
	1/4" Thick flat stock

Note: Design intended for three seasons. Four season engineered designs are also available.
